ORDERING INFORMATION

Placement

Place orders by mail, fax, telephone, email, or on our website. Include model number, product name, size, quantity, options, color, and price. All custom orders are subject to a customization fee and must be confirmed in writing.

Payment Terms

Orders can be mailed in with a check or money order. They can also be placed using a credit card (VISA/ MasterCard/American Express/Discover) for new accounts, pending credit approval. All prices are subject to change without notice. Payments must be made in U.S. funds.

Shipping and Delivery

Orders ship from Ann Arbor, Michigan. We ship via UPS, Fed Ex, Parcel Post, or First Class Mail within 10 business days after receipt of order. Customized or out of stock items may delay shipping. Any deviation from ground shipping will be charged at regular shipping rates: Next Day, 2nd Day, 3 Day, etc. Any shipping discrepancies **MUST** be reported within 2 business days.

Warranty

All Danmar products are warranted against defects in materials and/or workmanship for 90 days from the invoice date. Swim equipment has a 1-year warranty against defects in materials and/or workmanship.

Exchange and Return Policy

UNUSED standard merchandise may be exchanged or returned within 45 days of invoice date, provided that a call is placed to Danmar Products, and we have issued a Return Authorization Number. Items past the 45-day limit are approved on a case-by-case basis and may be subject to a restocking fee. Customized and/or modified items are **NOT RETURNABLE**.

Repairs

Any product returned for repair and/or modification must be thoroughly cleaned with soap and water. Products received that have not been cleaned will be assessed an additional \$25 service charge.

Fax: (734) 761-8977

CUSTOM ORDERING

Custom Headgear *

Please request our Custom Specification Sheet, which outlines the information that we require to construct a helmet for your client's needs.

Your Design

Our customs department is at your disposal for the fabrication of an item of your own design. Send us your pattern with a full description, and we will provide you with a price quotation.

Call on us to cover all types of custom seating for comfort, cleanliness, and durability. Our closed-cell foam with our Fabriccoat coating is perfectly suited to address a variety of tough seating situations.

*All custom orders must be confirmed in writing with all of the specifications required. An additional customization fee will be applied to all custom orders, and custom work is **NOT** returnable. Please allow up to 4 weeks for your custom order to be fabricated.

Color Chart

*Note: Most of our products can be special ordered with your choice of colors for an additional fee. Custom colored items are **NOT** returnable.*

All of our products are latex free.

FOR FUN AND LEARNING

By creatively using all the closed-cell foam that we generate, we have novel products that can be used in a variety of ways. Pallows (a combination of pillow and pads) are used in wheelchair positioning, as side layers in adapted sports, and in many other ways. See our website for more information.

HEADGEAR

HELMET STYLES

Measure the head circumference **all the way around** the head at eyebrow level, as proper fit is important for both the comfort & safety of the person wearing the headgear. Sizing should be determined by professional personnel. If the measurements do not fall within these guidelines, a custom helmet might be necessary. Please call us to discuss the options that are available. Customizations are based on each individual's needs; pricing will be determined on a case by case basis.

Use this size chart as a guideline when ordering a helmet; variations will occur because of individual head shapes and slight material thickness variations in foam manufacturing.

(A) CIRCUMFERENCE RANGE

	Soft Shell	Hard Shell
Infant	16 ¼ – 17	Not available in infant
XX-Small	17 ½ – 18 ¼	17 ¼ – 18

IMPORTANT WARNING NOTICE:

While we believe that headgear can substantially reduce the risk of head injury, we emphasize that there is no known device for preventing all injuries. Only you are in a position to evaluate the particular needs of the individual client in each environment. It is essential that professional and medical expertise be utilized in rendering decisions regarding any headgear use.

CRANIAL SHAPING ORTHOSES

We specialize in working with Doctors and Orthotists who handle Cranial Shaping. This early intervention program is for babies who are born with various types of skull abnormalities. We have information available on clinics around the country that work in this field. The mold for these custom orthoses can only be made at qualified clinics or at orthotic and prosthetic practices.

The mold or cast is sent to us for the manufacturing process of the Michigan Cranial Shaping Orthoses. Our orthoses have the required FDA section 510K clearance.

We sponsor training classes for technicians who want to make molds for this product. If your facility is involved in cranial shaping, contact us to receive a complete package of information. We provide a high quality product with minimal turnaround times.
